Saturday, July 31, 2004
Historic Lebanon, Ohio – Fairgrounds

June 2004

Dear Donkey Enthusiast,

We are pleased to invite you to The Great American Miniature Donkey Sale, a select sale featuring quality registered miniature donkeys. The Sale will take place Saturday, July 31, 2004 at 12:30 PM, at the fairgrounds in historic Lebanon, Ohio. We hope you will plan to attend.

The Sale will consist of 54 miniature donkey lots comprised of 46 jennets, 6 jacks, and a sorrel gelding driving team. These miniature donkeys have been selected from those offered. Top breeders are consigning their best, as those donkeys represent their farm and breeding program. It would literally take you many days and thousands of miles to view an assortment of available, quality stock like that you can see represented at the Sale. The donkeys being offered represent diverse bloodlines, great conformation, sought after colors, and a variety of sizes and ages to attract breeders, show people, and donkey and equine lovers everywhere. Full information on each donkey, including pictures (as consignors make them available), may be found on our web page, www.donkeys.net.

There is something for everyone here, whether you are an experienced breeder, or just getting started. The jennet group features; yearlings, 2 year olds, mature jennets, bred jennets, and jennets with foals on the side. The 6 jacks are top quality with great structure and desirable bloodlines, ready to begin using now, including one trained to drive who is being sold with cart & quality Amish harness. A driving team is also being offered, giving you a chance to continue in, or enter into, this fun activity. Donkey tack, gifts and curios will be available for purchase. Whether you are looking for jennets, a stud, a jennet with foal, brood jennets for your breeding program, a trained driving team or a loving pet, you are assured of finding only quality miniature donkeys at this sale.

The Great American Miniature Donkey Sale is more than a donkey sale; it is an event, a 'happening'. Donkey enthusiasts everywhere look forward to events such as this and we expect a large turnout from across the Continent. It is an opportunity for folks, both those with years of experience, and those first exploring miniature donkeys, to get together, share experiences, learn from each other, have some fun, make new friends, renew old friendships, and, oh yes, see, bid on, and purchase some of the finest quality miniature donkeys in North America.

We hope you plan to attend the 2004 Great American Miniature Donkey Sale. We feel confident you will enjoy it.

1 The Elms *Red Trillium*

Dark Sorrel Jennet, Birth Height 21.25"

Consignor: Elms Farm Miniature Donkeys, Aug 9, 2003, Reg # Pending

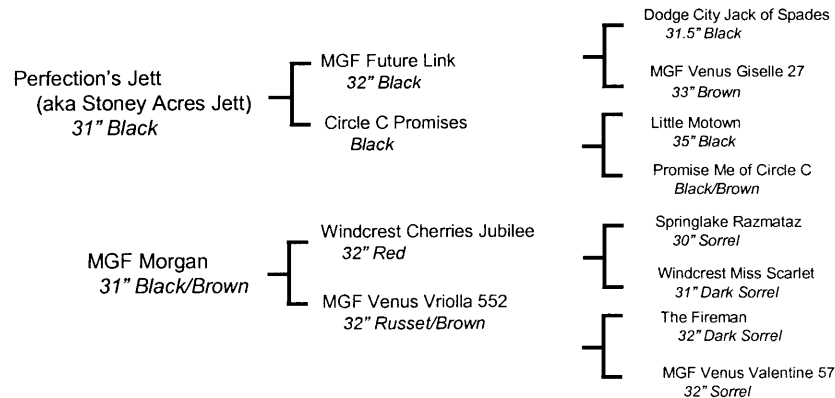

We wanted to kick off this year's sale with a bang, and what better way than to offer this beautiful small, correct, dark sorrel jennet, Red Trillium. FiftyFire crosses well with our Red Baron daughters, giving his presence and poise to his offspring. Red Trillium has good bone, a rounded hip, balance, and presence, combined with dark sorrel color. Red Trillium are very rare wildflowers, and you will not often have the chance to buy a jennet as rare and special as this Red Trillium!!!

2 Perfection's *Me Oh My*

Black Jennet, Birth Height 19"

Consignor: Perfection Miniature Donkeys, Sept. 3, 2003, Reg # Pending

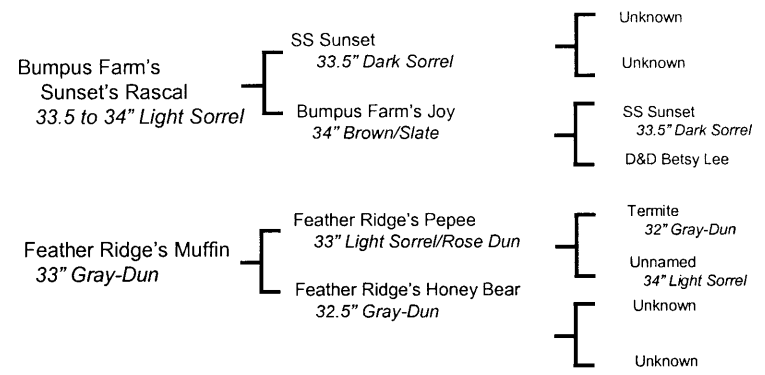

What a perfect blend...JETT crossed with the little Morgan. JETT has out-produced our wildest dreams. He marks his foals with great dish heads, stove pipe legs, wide chests and small stature. Me Oh My is just what I said when this little beauty hit the ground! What Me Oh My lacks for in size, she surely makes up for in attitude. This is a jennet that will stay small and is backed up by generations of small donkeys. Here is your chance to get a piece of the JETT legacy now. Don't Miss IT!

3 Half Ass Acres *American Beauty*

Dark Brown Jennet, Birth Height 22", 29" (June, 04)

Consignor: Half Ass Acres, Sept. 26, 2003, Reg # 36604, J110340

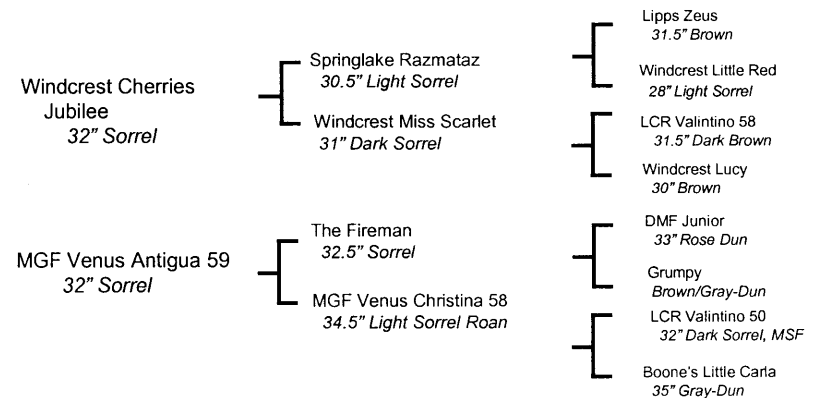

We wanted our very best to represent our farm in support of this sale. American Beauty is a gorgeous very dark brown and correct jennet. Both her sire and dam are under 30", and we expect her to stay just as small. She has a perfect bite and very correct conformation. She is very sweet and easy to handle too. Look no further than 'American Beauty' if you are looking for small, pretty, and correct to add to your breeding program.

4 MGF *Cherries Beau*

Sorrel Jack, 31"

Consignor: McRoberts Game Farm, July 4, 2001, Reg # 38414

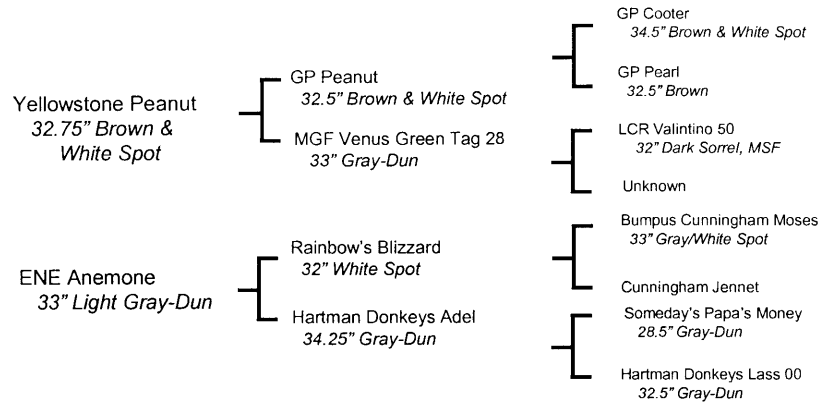

Meet Cherrie's Beau, a 31 inch, very correct, and friendly Fireman grandson. A wonderful little jack. Wide chest, good bone, and great depth of sorrel color in his pedigree. Beau will steal the hearts of your jennets and will do his part to produce good color to boot. Don't miss him!

5 Gardner's *La Cantera*

White, Brown, Gray Spot Jennet

Consignor: Gardner's Miniature Donkeys, Apr 2, 2003, Reg # Pending

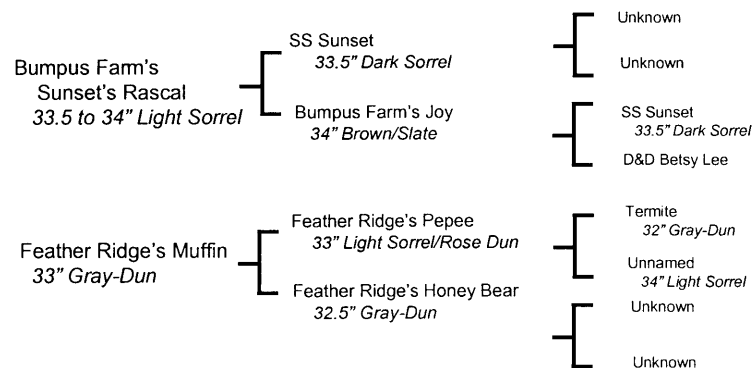

Consider La Cantera for your breeding program, Her mother is a Rainbow's Blizzard daughter and Dad is a GP Peanut son. Top that with unique color and conformation, it makes a nice combination. She will make a nice addition to your breeding herd.

6 Feather Ridge's *Bell*

Light Sorrel Jennet, 33.5" (Mar 04), Bred to Sorrel

Consignor: Feather Ridge Farm, Oct 6, 2001, Reg # Pending

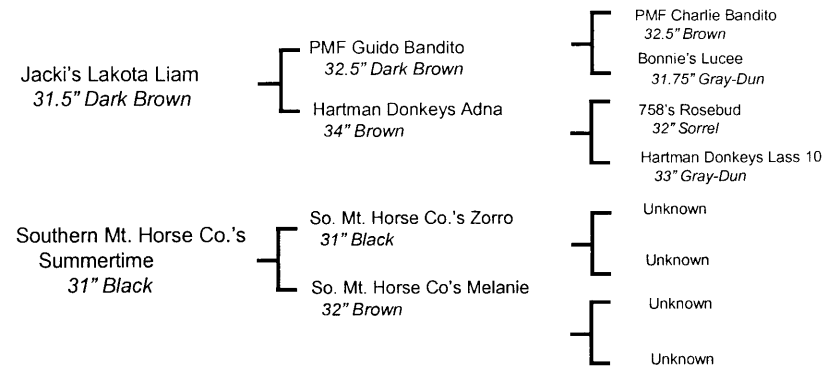

This donkey is a knockout, a real eye catcher. She has a real presence about her and is one of the best donkeys I've ever produced. She has the most beautiful head, and is so well conformed. She is bred to My World Parker (31" dark sorrel) for a spring 2005 foal. A wonderful outcross to the Valintino Line.

7 Southern Mountain Horse Company's *Bo*

Black, NLP Jack, 31.5"

Consignor: Southern Mtn Horse Company, May 10, 2000, Reg # Pending

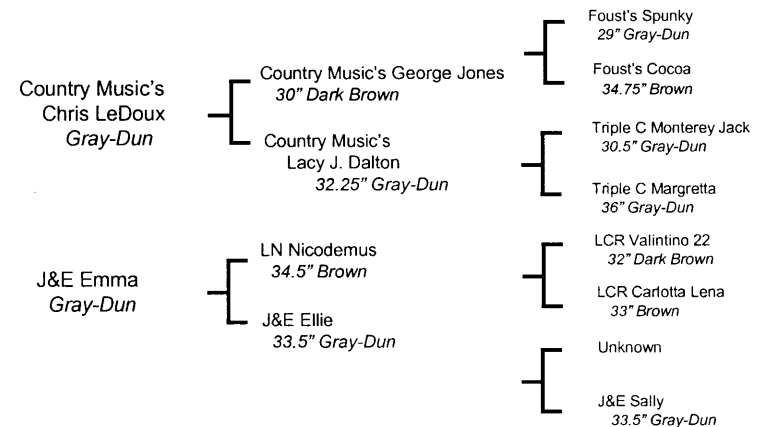

Bo's a very square jack, well put together and proven. Nice straight legs. He produces small dark babies and we guarantee him to be fertile. He is the type of build that produces those much sought after small, square and beautiful babies. His mother is 31" and black, and his father is 32" and dark brown. He traces his lineage back to Guido Bandito and Hartman's Rosebud.

8 Long Run *Practical Magic*

Gray Dun Jennet, 31" (Mar 2004)

Consignor: Long Run Farm, July 16, 2002, Reg # 35555

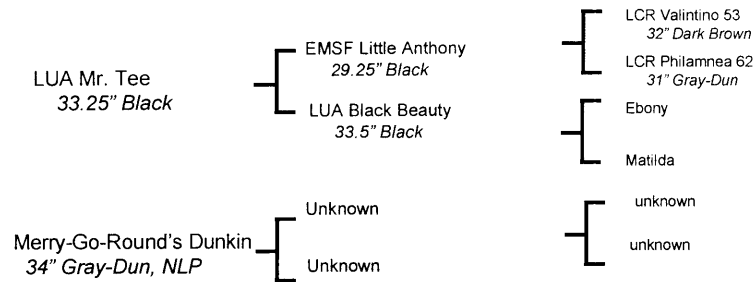

This is the one my husband hates to sell, so you know she's a super jennet. Her grandsires, Country Music's George Jones, and LN Nicodemus are both National Halter Champions. Her dam was shown very successfully as a two year old. Magic is round, firm and fully packed with the conformation and driving potential she was bred to achieve. She'll add class to any breeding program!

9

Merry-Go-Round's *Mr. Perlino*

White Blue Eyed Jack, 34.5"

Consignor: Merry-Go-Round Mini's, May 22, 1998, Reg # 22372

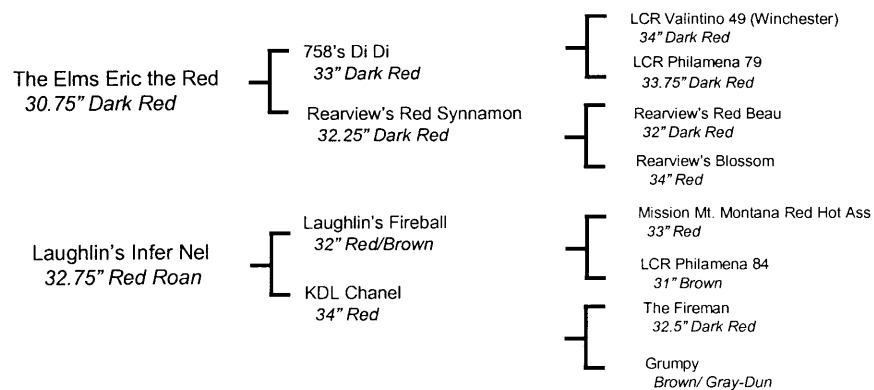

Here is an opportunity to add rare and unique genetics to your herd. Mr Perlino is stocky, correct Ivory/creme color, with a visible cross, ice blue eyes, and a sweet temperament. He is black based. He has produced 10 foals, 8 were jennets and 2 were jacks. 2 were Ivory with blue eyes like him, and 3 were black. His foals are well balanced with good bone. I have retained 6 of them and one of them was lot #4 "Porscha" in last year's sale. He is only being offered as he is so closely related to many of my jennets. Don't miss out on this one!

10

The Elms *She's Gloriass*

Dark Red Jennet, Birth Height 22"

Consignor: Elms Farm Miniature Donkeys, May 11, 2003, Reg # 37557

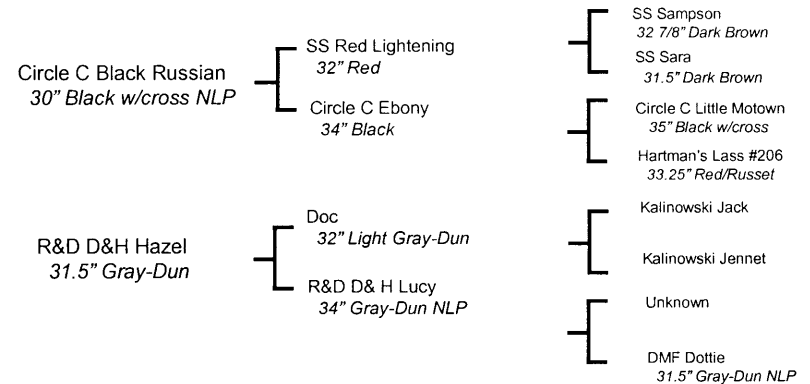

She is simply Glorious. Build, style, and superb presence make her an excellent show candidate. Glory walks into a space and owns it. Look at this pedigree, full of famous jacks and jennets, with tremendous depth of sorrel/ red color. This jennet will make you proud, and will be a superior asset to any breeding program.

11

Sunset Acres *Russian Blue*

Black, no cross jack, Birth Height 21", 29" (June 04)

Consignor: Sunset Acres, May 12, 2003, Reg # Pending

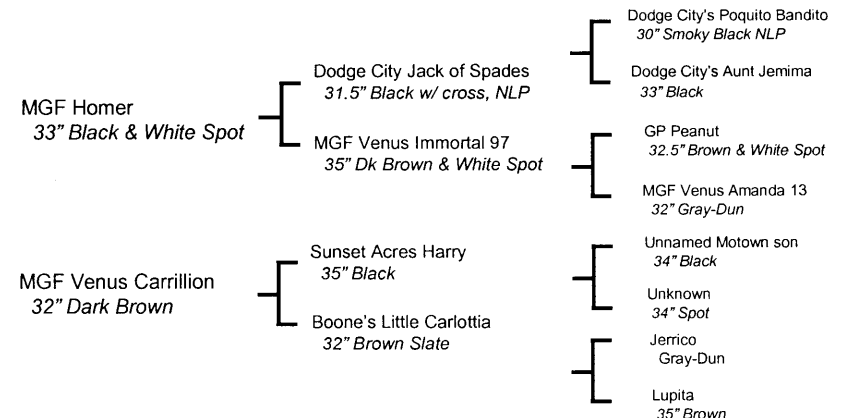

Lil' Blue is a small Black male out of a maternal line of donkeys that have produced volumes of True Blacks! And with Black Russian on the topside, you will have a double dose of Black genetics.

12

MGF *Black Helen*

Black, NLP Jennet

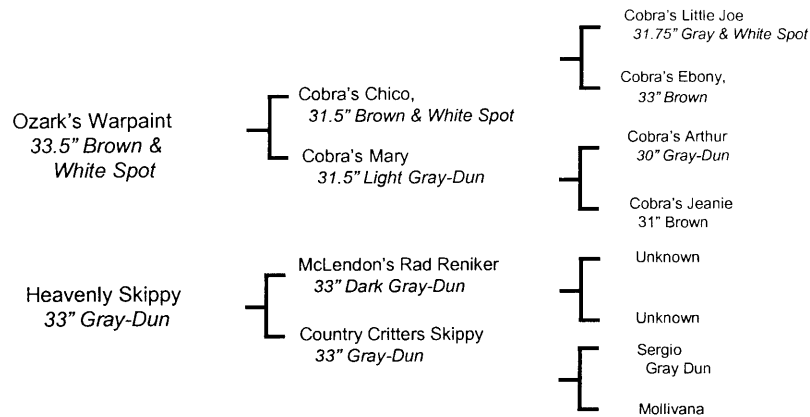

Consignor: McRoberts Game Farm, Sept 24, 2003, Reg # 38415

Black Helen is true black with a black nose. At 28", she is very small and correct! I consider Homer to be the best Jethro (Dodge City Jack of Spades) son we have raised.

13 Heavenly Snickers

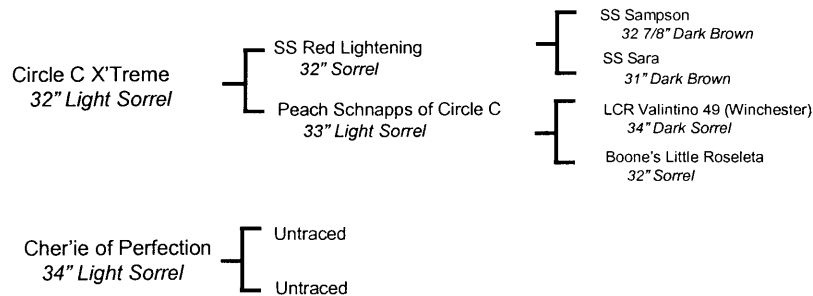

Brown & White Spot Jack, 34" (Mar 2004) Sold With Cart & Harness!!
Consignor: Little Bit of Heaven, Apr 29, 2002, Reg # 34604, ACOSA SA 1824

Heavenly Snickers is a real eye catcher. He has a lot of color and a beautiful personality. He has bred three of our jennets this spring and is a very gentle breeder. 14 Perfection's Blushes X'Treme

Light Sorrel Jennet
Consignor: Perfection Miniature Donkeys, July 23, 2003, Reg # Pending

Like the color of a fine blush Zinfandel, Blush matures more beautifully everyday. She is a full sister to Champion AMDC Futurity jack Renegade. X'Treme has an impressive show record; World Champion Jack ('98 Calgary Stampede), Champion Jack '99 Mini Donkey Extravaganza, 2000 Maturity Champion Jack, Reserve Champion Jack NA Miniature Donkey Show & 3rd mature jack at the 2002 NMDA Shelbyville Show. Cher'ie, our "Quarter Horse Jen", is a great show jennet as well, having won her class 2x at the World Show, Champion Jennet at the Miniature Donkey Extravaganza, and Champion Maturity Jennet. Blush is the only X'Treme daughter we will be offering for sale this year, they are as rare as hen's teeth. Grab on to this little beauty and watch as she blossoms into a fine vintage.

15 Coffman's Danny de Valintino

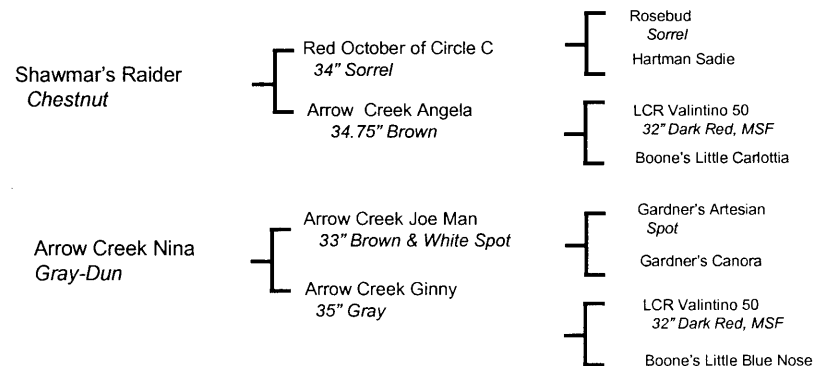

Dark Brown Jack, 31.5"
Consignor: Lamb's Exotic Ranch, Apr 15, 1989, Reg # 10248

A stylish brown jack, has a neat small head, straight legs, correct bite, great body conformation, and the best of dispositions. He is great to pasture breed with as he never bothers the foals and gets the job done 98% of the time on the first heat period. A great breeding jack.

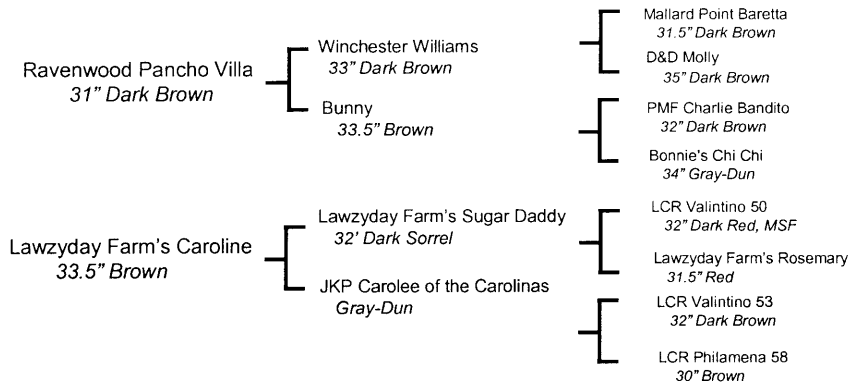

16 Shawmar's Revlon

Grey-Dun Jennet, 32.5", Bred to Black
Consignor: Ass-Pirin Acres, Aug 8, 2000, Reg # CDJE 3398

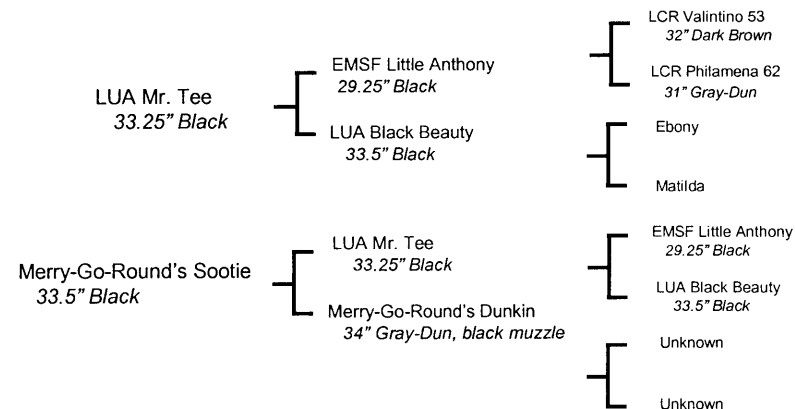

Revlon is a drafty, well boned donkey with a loving disposition. Her pedigree includes Valintino 50th, Circle C Red October and Boone's Farm's jennets. Revlon will be in foal by sale time to Arrow Creek's Keno, a black with cross, drafty 32" jack sired by Houdini. Even though Revlon is gray dun herself, she has the potential to produce sorrel or darks. With her background, she would work well in anyone's breeding program.

17

Ravenwood Spice is a Blue Ribbon winning 32", 2 year old daughter of Lawzyday Farm's Caroline. Valintino 50, Theseus, Throwback to Blue are just a few of the well-known names in Caroline's pedigree. With an ancestry of dark sorrel and black/brown, Spice is dark chocolate with deep red undertones. Shown as a yearling, her outstanding conformation with excellent proportion, a feminine head with large expressive eyes, level top line, deep hindquarter, clean legs and fluid movement caught the judge's attention. This little girl has a sparkling personality.

18

Feather Ridge's *Harvest Moon & Foal***Dark Sorrel Jennet, 34", Bred to Sorrel****Consignor: Feather Ridge Farm, Jun 24, 1997, Reg # 21056**

Harvest Moon is a well built Red Baron (Valintino 75) daughter. She is a good sound jenny and has had 3 jennets out of different sires each time. She is bred to My World Parker (31" dark sorrel) for a June 2004 baby. She would make a wonderful addition to anyone's herd. I truly think some of the best dark red sorrel color has come out of the dark red Valintino line.

25 Perfection's *Nikita*

Grey Jennet, Bred to Black

Consignor: Perfection Miniature Donkeys, May 17, 2001, Reg # Pending

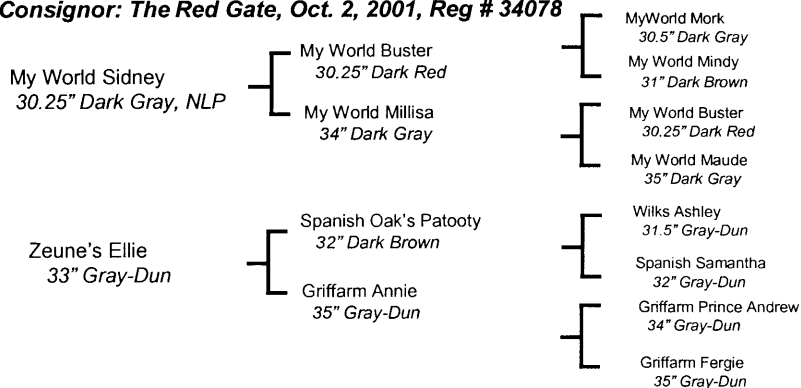

Imagine the possibilities a jennet with the stature of Nikita, carrying spotted genetics, bred to JETT...I am thinking black and white spots could be a good possibility. Nikita's dam is the smallest stockiest spotted jennet that we have ever seen, her sire is a black nosed son of the great Red Lightening. Great things will come from this little jennet. This is your last opportunity to get a piece of JETT this year, so don't pass it up!

26 The Red Gate's *Velvet*

Dark Brown, NLP Jennet, 34"

Consignor: The Red Gate, Oct. 2, 2001, Reg # 34078

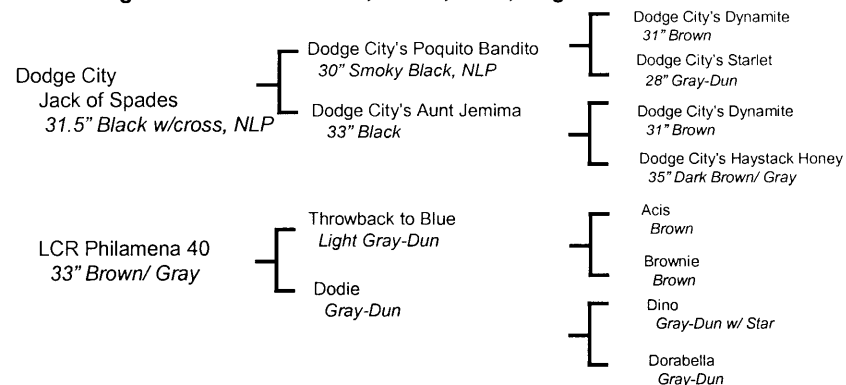

Velvet is a beautifully built, dark jennet with a strong show presence. She is registered as a dark brown, but can be more accurately described as smoky black. Her sire, MW Sidney, is a very stocky & correct Buster son who produces strong color, having sired sorrel, jet black, and several smoky black, black nosed foals. Velvet has proven herself in the show ring; 4th in 2 year old jennets at 2003 Cheers for Ears (20 entries) & NMDA Reserve Champion Jennet, 2003 Ohio State Fair. Take this opportunity to add this quality, coming 3 year old, with possibly a new black bloodline, to your breeding program! She's hard to part with!

27 MGF *Venus X-Phile 600*

Black with Cross, NLP Jennet, 34", Bred to Dark Brown NLP

Consignor: Windcrest Acres, Oct. 7, 1996, Reg # 22876

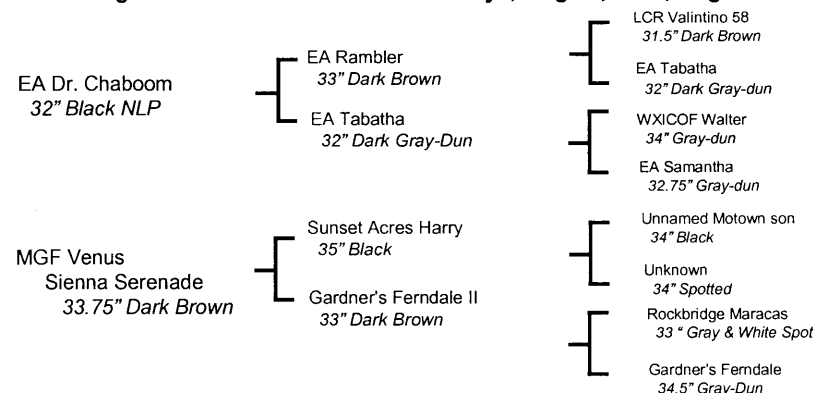

If you want Black, great conformation, bred to a beautiful black jack (Sunset Acres Speedway Racer for 2005), and all tied up in a sweet, easy to handle disposition, here she is. X-Phile has a pedigree that is tops, and she's a joy to be around. She's half sister to our Windcrest Herd Sire, Merlin. Howard's asked us for something special, so we decided to do just that and offer X-Phile. Easter Mist, X-Phile's yearling spotted daughter by a white jack, is being retained in our herd. Her babies are gorgeous- whoever gets X-Phile will be getting a winner!!!

Very Dark Brown Jennet, Birth Height 22"

Consignor: Elms Farm Miniature Donkeys, Aug 15, 2003, Reg # 37558

This is our first foal by Chaboom, our black, NLP herdsire, to be offered for public sale, and we think you will like what you see. She has balanced conformation, an easy movement, and is just beautiful to look at. This is a special jennet for your dark breeding program, plan to take her home with you!!

Cappella has that lovable disposition with personality+ that we all like in our foals. Lollipop has had a dark brown jack (now a herd sire), and has the capability to produce both sorrel or browns.
